

We're hiring!

As part of responding to the current environment, Walmart Canada is hiring 10,000 new associates to work in stores and distribution centres. This initiative is aimed at helping put Canadians to work and better serve our customers during this time of increased demand.

We're seeking Warehouse Associates to support our teams in the following ways:

- Receiving merchandise as it comes in, and place it in our warehouse for easy recovery
- Promptly collect and package goods for distribution to stores, shipping areas as the business dictates
- Verify goods quickly and accurately using various technologies
- Adapt to the various physical environments within our distribution centre
- Observe all health and safety protocols

Successful candidates have the following:

- Ability to prioritize, multitask, adhere to deadlines and support Warehouse goals
- Good with numbers and detail oriented
- Strong organizational and communication skills
- Must be able to read, write, and understand printed material
- Able to work willingly as part of a team and with minimal supervision

All Warehouse Associates must be able to:

- Obtain and maintain an MHE Licence
- Perform repetitive and heavy lifting (up to 50 lbs, approximately 23 kg)
- Use Voice Recognition System for order filling
- Work in temperatures between +12 C and -24C on a continuous basis (only at our Perishable Distribution Centre)

At Walmart Canada, **This is That Place** to make a difference.
